

38.04.05 Business Informatics

Project Management

Partner university: Tashkent State Economic University (Uzbekistan)

1st, 3rd semesters – TashSEU (Tashkent, Uzbekistan)

2nd, 4th semesters, Master thesis defense – MEPhI (Moscow, Russia)

The program provides training of highly qualified personnel capable of managing projects at all stages of implementation (investment projects, in particular), planning a portfolio of projects for long-term successful development.

Distinctive features of the program are competences for profound feasibility study for managing different types of projects, programs and project portfolios aimed at ensuring accelerated development and increasing the company's competitiveness, introducing innovative projects and finding investors.
